

**SCOTT D. SMITH, CTP, CIRA**

Scott D. Smith has more than 30 years of financial and operational experience in the manufacturing and service industries. Mr. Smith has provided financial turnaround consulting for 60-75 businesses representing various stakeholders including debtors, creditors and customers. He has worked extensively with organizations to improve program management capability, management systems and other operational processes.

Mr. Smith served as Controller for a large automotive engineering and manufacturing company (\$300 million in revenue and 3,500 employees) as well as a Director of several operating divisions (totaling 350 employees and \$40 million in revenue). As Director, he was responsible for strategic planning, integration of acquired companies, implementation of program management and quality practices and overall operational performance.

As a supplier to Ford Motor Company and major Tier I suppliers, Mr. Smith has experience in the areas of organizational and training development and program management. He has also developed and delivered financial and program management training programs to commercial clients as well as instructing cost and managerial accounting at Oakland University.

Mr. Smith began his career practicing as a licensed CPA at Deloitte, Haskins & Sells.
